PUBLIC HEARING

Opening Statement

00:00:11 Chair Jarboe called the meeting to order and swore in all those who had signed up to speak (see recording for detailed presentation). He noted that this hearing is a CONTINUATION of the October 1, 2018 Planning Commission public hearing, and that tonight's hearing will pick up where the October 1st hearing concluded. Ninety minutes will be granted to hear testimony from the remaining 39 speakers who had signed up to speak in opposition at the October 1st hearing. At the conclusion of those speakers, the lighting waiver request will be heard followed by applicant rebuttal and Commissioner's deliberation.

PLANNING COMMISSION MINUTES
October 15, 2018

PUBLIC HEARING

CASE NUMBER 18ZONE1014

02:37:19 Commissioner Jarboe asked Mr. Porter about the photos he had taken of the lights at another TopGolf location. Mr. Porter described his location at the time the photos were taken. Commissioner Jarboe asked Mr. Porter if he had any photos of the lights from 2000 feet away. Mr. Porter said no, but he had testimony that the lights and poles could be seen "two miles away." He showed a photo taken with a drone.

02:39:10 Commissioner Jarboe called for a vote on the minutes from the September 27, 2018 Planning Commission public hearing.

02:41:15 Begin presentation of Waiver Request - Waiver of LDC, section 4.1.3 to not provide fully shielded lighting for golf driving range

Agency Testimony

02:41:18 Joel Dock presented the waiver request and showed a Power Point presentation (see staff report and recording for detailed presentation.)

02:46:25 In response to a question from Commissioner Tomes, Mr. Dock said the height of the proposed light fixtures is 28 feet and 40 feet, respectively.

02:46:40 In response to a question from Commissioner Brown, Mr. Dock discussed a proposed binding element regarding adding sidewalks and a TARC stop. He said the applicant agreed to do this. This is binding element #12 in the October 15, 2018 Addendum to the October 1st staff report.

The following spoke in favor of this request:

Cliff Ashburner, Dinsmore & Shohl, 101 S. 5th Street, Suite 2500, Louisville, KY 40202

Nick Page, 215 West Mechanic Street, Hillsdale, MI 49242

Pat Dominic, 608 S. Third Street, Louisville, KY 40202

Keith Pharis, 7110 Austinwood Road, Louisville, KY 40214

Tanner Micheli, 8750 N. Central Expressway, Suite 1200, Dallas, TX 75231

PLANNING COMMISSION MINUTES
October 15, 2018

PUBLIC HEARING

CASE NUMBER 18ZONE1014

Summary of testimony of those in favor:

02:47:22 Cliff Ashburner presented the applicant's case regarding the lighting waiver and showed a Power Point presentation (see recording for detailed presentation.)

02:54:45 Nick Page, a representative of Qualite Sports Lighting, explained the Gamechanger LED Luminaires (proposed lighting fixtures.) See recording for detailed presentation.

02:58:20 Keith Pharis, lighting engineer, explained how the new lighting would work and how it differed from the existing lighting (see recording for detailed presentation.) He explained how the lights had been engineered to meet or exceed the Land Development Code.

03:06:12 Mr. Ashburner resumed his presentation.

03:07:06 Pat Dominic explained the proposed enhanced landscaping. More landscaping has been added since the October 1, 2018 Planning Commission public hearing.

03:13:12 Commissioner Carlson asked Mr. Ashburner if a binding element could be created which states that the enhanced landscaping would be installed as presented at tonight's hearing. Mr. Ashburner said the applicant has drafted one and sent it to Mr. Dock for review. In response to another question from Commissioner Carlson, Mr. Ashburner said that landscaping would be planted at the end of the construction phase.

03:14:05 Commissioner Carlson asked why the light fixtures could not be attached to the poles which would hold the nets. Mr. Ashburner explained about lighting the field.

03:15:24 Commissioner Carlson asked what times the lights would be turned off at night, and if a binding element could be drafted to ensure this time. Mr. Ashburner said the binding element proposed by the applicant said the field lights would be dimmed by 50% at closing time, and turned off two hours after closing.

03:16:48 Commissioner Peterson asked if these lights had been used at other TopGolf facilities. Mr. Ashburner said they are in use at several other locations.

PUBLIC HEARING

CASE NUMBER 18ZONE1014

Commissioner Peterson also asked if the applicant would consider modifying the hours of operation. Mr. Ashburner said that decision would have to be made by the General Manager.

03:18:38 Commissioner Tomes asked if there will be an outfield LED sign. Mr. Ashburner said there will not.

03:19:08 Commissioner Brown asked for clarification about the types of lighting on the facility (parking lot lighting and the "Gamechanger" lighting.)

03:19:37 In response to a question from Commissioner Jarboe, Mr. Ashburner addressed concerns about glare, particularly as it could affect Christian Way and homes on Paddington (see recording for detailed presentation.)

03:23:11 Commissioner Lewis asked what time the current lights are turned off in the Oxmoor parking lot. Mr. Ashburner said he did not believe that the lights were actually turned off, but were reduced to "security setting" about an hour after the mall closes.

03:24:23 Commissioner Tomes asked Mr. Pharis if he had done any lighting on the freeways. Mr. Pharis said he had not, that freeway / roadway lighting is different. Commissioner Tomes asked Mr. Pharis about "high-mass poles". Mr. Pharis said he knows what they are and what kind of illumination they put out. Mr. Page said he had done sports lighting. Mr. Pharis discussed some normal street lighting in Louisville, specifically the acorn-type of fixtures, that have no glare control. The fixtures proposed for use at the TopGolf facility are different, and are designed to be angled and used differently.

03:26:39 Commissioner Howard asked if any of the lighting design issues had changed from the presentation made at the October 1, 2018 Planning Commission public hearing. Mr. Pharis said it had not.

Cross-Examination of Applicant Representatives:

03:28:22 Mr. Porter asked Mr. Page if he has installed the Gamechanger fixtures at other TopGolf locations. Mr. Page said he was involved with the design, not the

installation. Mr. Porter asked Mr. Page if he could “see” the lights from 1200 feet away. Mr. Page said glare is relative to the ambient light, and the amount of light seen is relative to the position of the lights and the viewer (see recording for detailed discussion.) The visibility of the luminaires was discussed.

03:33:41 Mr. Porter asked Mr. Pharis if he was complying with the Land Development Code regarding lighting. Mr. Pharis said his company was exceeding the LDC lighting requirements. Mr. Porter asked about the difference between “light trespass” and “glare” and said Mr. Ashburner’s answer to Commissioner Jarboe’s questions had to do with foot-candles. Mr. Pharis said “glare” is the light emitting from a luminaire with an intensity great enough to reduce a viewers’ ability to see and, in extreme cases, causing momentary blindness. Mr. Pharis stated that no one will be impaired by glare anywhere off that field.

03:35:39 Mr. Porter asked if anyone living 1200 feet away from the facility will see the field lights through the bedroom window? Mr. Pharis said he works with measurements and calculus. He said the amount of light from this facility will be 0.15 footcandles total, average light trespass.

The following spoke in opposition to the Waiver request:
Steve Porter, 2406 Tucker Station Road, Louisville, KY 40299

Summary of testimony of those in opposition:

03:37:10 Steve Porter spoke in opposition and showed a Power Point presentation. He testified that the total application is in violation of Cornerstone 2020 and the Land Development Code (see recording and case file for detailed presentation.)

04:09:01 There was a discussion between Commissioner Jarboe, Mr. Ashburner and Mr. Porter regarding the amount of testimony time.

04:10:17 Mr. Porter referred the Commissioners to a list of violations of the LDC and Cornerstone 2020.

PLANNING COMMISSION MINUTES
October 15, 2018

PUBLIC HEARING

CASE NUMBER 18ZONE1014

04:11:07 Mr. Ashburner asked Mr. Porter if “multi-family residential” counts as “residential”. Mr. Porter said yes.

Rebuttal:

04:16:46 Mr. Ashburner refuted the opposition testimony and said no experts or studies had been produced. He discussed the Regional Center Form district and sound study of record. He noted that this property is already zoned for outdoor alcohol sales and entertainment due to the current C-2 zoning. He discussed the requested lighting waiver. Mr. Ashburner summarized the applicant’s position and talked about “what happens next” in the rezoning process (see recording for detailed presentation.)

04:41:32 Commissioner Carlson expressed concern about live music. Mr. Ashburner said an example presented by a citizen in opposition was taken at the Nashville facility – this facility will have different attractions. He does not have specific information about the number of nights that live music may be presented; however, he did provide the location where it may be provided and added that this use is currently permitted on the patio. Commissioner Carlson asked if there was any time that these performances would have to conclude. Mr. Ashburner he does not know if there is such a restriction.

04:43:41 Commissioner Carlson asked for clarification about hours of operation. Mr. Ashburner said closing times are midnight during the week, and 2:00 a.m. on Thursdays, Fridays and Saturdays.

04:44:00 Commissioner Carlson asked if there is a binding element regarding sound levels. Mr. Ashburner said one has not been agreed upon yet. Commissioner Carlson and Mr. Ashburner discussed how one could be worded.

04:45:23 Commissioner Carlson also asked about the reason for the 175-foot net poles. Mr. Ashburner said that is the height necessary to keep the golf balls controlled within the facility.

04:46:27 Commissioner Lewis asked if each TopGolf decides their own events at each location. Mr. Ashburner said that, to a certain extent, there are similarities. As far as events, he said that most are “corporate events”. It is up to the General Manager to

decide what those events are. Commissioner Lewis asked if the Nashville manager might decide to have more concerts than the manager at the Louisville location. Mr. Ashburner said yes. He explained that there is a certain facility at the Nashville location, which will not be at the Louisville location, specifically for music performances.

04:48:11 Commissioner Lewis also asked if TopGolf allows any guests in the outfield. Mr. Ashburner said no. No one is allowed outside the bays.

04:48:42 Commissioner Peterson asked if the applicant would consider limiting the hours of operation. Mr. Ashburner said the applicant could not commit to reducing the hours of operation without knowing what the reduction would be.

04:49:56 Commissioner Tomes asked about if the outdoor music would be shielded from the neighborhood by the building. Mr. Ashburner said it would be. The area is the larger outdoor patio and is on the west side of the building.

04:50:45 Commissioner Carlson and Mr. Ashburner again discussed the hours of operation (see recording for detailed discussion.)

04:54:07 Commissioner Howard said she thought that, per the applicant's statements on October 1st, that the operating hours would be until 11:00 p.m. Monday through Thursday. Mr. Ashburner said the operating hours would be until midnight, not 11:00 p.m. Commissioner Howard said that Mr. Ashburner stated tonight that the hours would be until 2:00 a.m. Thursdays, Fridays, and Saturdays.

04:55:00 While the applicant was getting an answer to Commissioner Howard's question, Commissioner Jarboe asked about traffic cut-through in surrounding neighborhoods. He is also concerned because there are no sidewalks in those neighborhoods. Mr. Ashburner said that, if cars are not sourced when they are counted, there is no way to know where they are coming from.

04:57:06 In response to Commissioner Howard's question, Mr. Ashburner said the closing time on Thursdays is midnight.

04:57:12 Commissioner Brown and Mr. Ashburner discussed lighting binding element #11.

PUBLIC HEARING

CASE NUMBER 18ZONE1014

04:59:32 Commissioner Jarboe announced that tonight's hearing must be concluded by midnight per the agreement with the University of Louisville. He stopped the meeting and announced that this case will be DEFERRED to the October 18, 2018 regular Planning Commission public hearing **for deliberation ONLY. No new testimony will be taken.** It will be first on the agenda for that day.

05:02:13 On a motion by Commissioner Howard, seconded by Commissioner Carlson, the following resolution was adopted:

RESOLVED, the Louisville Metro Planning Commission does hereby **DEFER** this case to the Business Session of the **October 18, 2018 Planning Commission public hearing, to be held at 1:00 p.m.** at the Old Jail Building, 514 West Liberty Street, Louisville, Kentucky.
