

Letter of Explanation

The propose of this application for a CUP permit is to use our property at 5407 Hickory Hill Rd as a short term rental. We, Jeremy and Susanne Cooper are the owners of this property. We own our own medical device company in Corona California. We've been in business for 30 years. We absolutely love Louisville and want to come and visit as often as possible. That is one of the reason for wanting this permit. Our property at 5407 Hickory Hill Rd has 4 bedrooms. All bedrooms are to be used. The entire dwelling will be rented when we receive the permit for the STR.
