Mr. Thieneman,

There is no requirement for a new neighborhood meeting regarding a landscape buffer. I am requesting that they correct the required LBA on the plan. In the event that they were to submit a waiver, the waiver would be noticed along with the public meeting at LD&T and the public hearing at Planning Commission. However, I don't believe that there is any reason they cannot provide the full required buffer.

Hello Dante

I wanted to follow up with the buffer request that was needed but hasn't been properly disclosed.

I'm under the assumption that the developer will have to have another neighbor meeting to legally disclose their desire change the requirements.

I have reached out to both the engineer and lawyer for the case but having no luck contacting them.

I wanted to put in the record that I am requesting the proper notification.

Please advise

Thank you

Chris,

I will let the applicant know that the required LBA is a minimum of 25' when comments go out again next week.

Hello Dante

I wanted to share with you the plan that doesn't show the 25 foot buffer requirement up against my company's property Al, Cat LLC.  
PLEASE advise
