To Whom It May Concern:

My wife and I purchased a home at 3113 Tremont Drive this March. We are both from Louisville, KY, born and raised, with great love for the city. My wife's job has taken us to Bentonville, AR. However, our families on both sides still reside in Louisville and we have an almost five month old baby girl, born in January, with whom we have made several trips home to Louisville to visit family. This house was purchased for us to visit and to be closer to family, visiting often to attend birthdays, weddings, holidays, etc as our primary purpose. When not able to be in Louisville, we want to offer to others to use as a Short Term Rental through Airbnb. We intend to ensure this home is well-maintained and loved as part of the neighborhood and city, as my wife grew up on this very street and knows the majority of neighbors very well.

Thank you for your consideration,  
Karl Weihe
