REQUEST(S)

- **Conditional Use Permit** to allow short term rental of a dwelling unit that is not the primary residence of the owner (LDC 4.2.63)

CASE SUMMARY

The applicant requests approval for short term rental that is not the primary residence of the owner in the R-5A, Multi-family Residential zoning district and Traditional Neighborhood form district. The subject property is located on the east side of South Birchwood Avenue, between Frankfort Avenue and Grinstead Drive. The property is developed with a single-family residential structure and an accessory structure containing a secondary dwelling unit with one bedroom. The principal structure is the primary residence of the owner and the unit in the accessory structure will be used to host short term rentals, allowing a maximum occupancy of four individuals. The off-street parking available on the property is sufficient for the number of guests proposed, additionally, the LDC credits the property with one on-street parking space.

STAFF FINDING

The proposal is adequately justified for approval, including exemption from the separation requirements, based on staff's analysis contained in the standard of review. The owner will maintain their primary residence in the principal structure on the property. A condition of approval has been added to ensure future compliance.

TECHNICAL REVIEW

- Standards for short terms rentals were amended and approved by the Louisville Metro Council on September 28, 2023, Ordinance 130, Series 2023

Short Term Rental Term Rental of a dwelling unit that is not the primary residence of the owner or the Short Term Rental of a condominium unit that is the primary residence of the owner in a R-R, R-E, R-1, R-2, R-3, R-4, R-5, U-N, R-5A, R-5B, R-6, R-7 or R-8A district and Short Term Rental of any dwelling unit in a TNZD district may be allowed upon the granting of a Conditional Use Permit. In addition to any conditions of approval, a short term rental and its host shall meet the following requirements:

- A. The maximum stay for a guest shall be 29 consecutive days. A dwelling unit rented to the same occupant for 30 consecutive days or more is not considered a short term rental.
- B. The dwelling unit shall be limited to a single short term rental contract at a time.
- C. At no time shall more persons reside in the short term rental than two times the number of bedrooms plus two individuals, except where the registered property is in excess of two acres in which case the occupancy limit shall be two times the number of bedrooms plus six individuals. If the aforementioned occupancy allows for more than 12 individuals, that shall be a maximum of 12 persons over the age of 16. The Board may further restrict the number of individuals. Relief to this provision may be provided by the Board on a case-by-case basis if the applicant can demonstrate that a greater occupancy will be in compliance with life safety and occupancy standards and the short term rental is of a sufficient distance to not adversely impact a neighboring property.
- D. The property on which the short term rental(s) is situated shall not be located closer than 600 feet (measured in a straight line from nearest property line to the nearest property line) to any property (i) on which another approved short term rental that required a conditional use permit is situated or (ii) located in an OR, OR-1, or OR-2 district and a TN form district which has an active registration and has maintained an active registration prior to the effective date of this provision and it has not been conclusively proven to the Board that the holder of the registration is the owner of the property, and the property is the owner's primary residence. Relief to this provision may be provided by the Board on a case-by-case basis for the following reasons; however relief may be denied upon consideration of the other factors and the burden is on the applicant to demonstrate that the subject short term rental would not contribute to an

overconcentration of short term rentals in the immediate area and/or adversely affect the affordable housing stock in the immediate area.

(1) Reasons for Potential Relief:

(a) The Property is adjacent to nonresidential zoning districts that allow short term rentals by right

(b) There is a significant environmental feature or primary collector or higher classification road that separates the proposed short term rental from other short term rentals within the buffer area

(c) A short term rental property within the buffer area is located on the perimeter of the buffer area, with part of the property being located outside of the buffer area

(d) A neighborhood plan encourages and supports short term rentals in the subject area

In applications where the entire area encapsulated by the 600 foot buffer is residentially zoned (including TNZD areas mapped Neighborhood General), under no circumstance shall the Board provide relief to this provision in cases in which two or more short term rentals with conditional use permits are already in existence within 600 feet.

(2) The following exceptions to this separation requirement apply:

(a) The separation requirement shall not apply to a property on which the conditional use permit is conditioned that the owner acts as host and maintains their primary residency within another dwelling unit in the same building or on the same parcel of land.

(b) The separation requirement shall not apply between two or more short term rentals on a single property being reviewed under the same conditional use permit application. However, if the property is subdivided after the conditional use permit is granted, a new conditional use permit shall be required in order for any new lot(s) to have a short term rental, with the separation requirements applying to that subsequent application.

(c) The separation requirement shall not apply to a property in the TNZD district on which the conditional use permit is conditioned that the host shall maintain their primary residency within the dwelling unit.

- E. The building in which the dwelling unit is located shall be a single-family residence, duplex, or condominium. If the short term rental is a condominium unit in a multi-family building, the condominium unit must be the primary residence of the owner. All conditional use permit applications for the short term rental of a condominium unit shall include evidence showing the applicable condominium association has taken action to approve the short term rental of the subject condominium. The evidence shall be provided in the form of minutes from an officially called meeting of the applicable condominium association board where in all condominium would be discussed and a majority of the board members voted in favor of permitting/allowing the short term rental of the subject condominium. In addition to notification required by Chapter 11 Part 5A, an applicant for a short term rental within a condominium shall provide notice of the Conditional Use Permit public hearing to all condominium owners within the association. Proof of notification shall be by way of affidavit. This provision shall not be waived or adjusted.

- F. Food and alcoholic beverages shall not be served by the host to any guest.
- G. Outdoor signage which identifies the short term rental is prohibited in residential zoning districts.
- H. There shall be a sufficient amount of parking available for guests, as determined by the Board of Zoning Adjustment. The amount and location of parking shall be based on the land uses and density of the immediate vicinity.
- I. The short term rental and host shall meet all additional requirements set forth in the Louisville Metro Code of Ordinances.
- J. If the property is subject to two (2) or more substantiated civil and/or criminal complaints within a twelve (12) month period, the Planning Director may revoke the registration pursuant to section 4.3.23. When the Planning Director revokes an approved registration, staff shall schedule a public hearing for the Board to consider revoking the associated conditional use permit. The Board may also revoke the conditional use permit for other reasons pursuant to section 11.5A.6.
- K. Prior to commencement of any short term rental on the subject property, the host shall register the short term rental pursuant to the Louisville Metro Code of Ordinances. If the short term rental is not registered within thirty (30) days of the issuance of the conditional use permit, the permit shall become null and void. In order to commence short term rentals, a new conditional use permit must be granted if required by this Land Development Code.
- L. An active registration for the short term rental, as required by the Louisville Metro Code of Ordinances, shall be maintained. No short term rentals may take place unless the registration is active and in the name of the current host and property owner. If the registration is not renewed and lapses for thirty (30) days, or in the event of a change of ownership and/or host, a new registration is not issued within thirty (30) days from the date of the change, the conditional use permit shall become null and void. In order to recommence short term rentals, a new conditional use permit must be granted if required by this Land Development Code, and such conditional permit must satisfy the applicable requirements for a conditional use permit in effect at the time the new application for a conditional use permit is filed.

STAFF: The applicant has demonstrated or will be required to provide compliance with each of the lettered standards of the conditional use permit. The proposed short-term rental will not be subject to the separation requirement as the owner will be conditioned upon maintaining their primary residence in the principal structure. The dwelling unit in the accessory structure has one bedroom that will limit the maximum occupancy to four guests. The site is located in the Traditional Neighborhood form district, which has no minimum parking requirements for residential properties. Additionally, the LDC credits the property with one on-street parking space.
