REQUEST

- **Amendment to Binding Elements** to abandon binding elements from 9-48-84

CASE SUMMARY

The subject site consists of 2 lots that are subject to a recent rezoning from R-5A multi-family and R-4 single family to R-6 multi-family residential to construct 48 apartment units that will be contained within 3 proposed buildings on one subject site. A portion of the site was rezoned to R-5A for a duplex under 9-48-84, for which the binding elements are proposed to be abandoned. This does not change the plan or binding elements proposed in case number 24-ZONE-0128, which will remain.

STAFF FINDING

The request is adequately justified for approval based on the analysis contained in the standard of review

INTERESTED PARTY COMMENTS

Staff has not received any interested party comments.

STANDARD OF REVIEW AND STAFF ANALYSIS FOR AMENDMENT TO BINDING ELEMENTS

- a. The conservation of natural resources on the property proposed for development, including: trees and other living vegetation, steep slopes, water courses, flood plains, soils, air quality, scenic views, and historic sites:

STAFF: There do not appear to be any environmental constraints or historic resources on the subject site. Tree canopy requirements of the Land Development Code will be provided on the subject site under case number 24-ZONE-0128.

- b. The provisions for safe and efficient vehicular and pedestrian transportation both within the development and the community:

STAFF: Provisions for safe and efficient vehicular and pedestrian transportation within and around the development and the community has been provided, and Metro Public Works have approved the preliminary development plan under case number 24-ZONE-0128.

- c. The provision of sufficient open space (scenic and recreational) to meet the needs of the proposed development;

STAFF: There are no open space requirements pertinent to the current proposal. Future multi-family development proposed on the subject site under case number 24-ZONE-0128 will be required to meet Land Development Code requirements.

- d. The provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community;

STAFF: The Metropolitan Sewer District has approved the preliminary development plan and will ensure the provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community.

- e. The compatibility of the overall site design (location of buildings, parking lots, screening, landscaping) and land use or uses with the existing and projected future development of the area;

STAFF: The overall site design and land uses are compatible with the existing and future development of the area. Appropriate landscape buffering and screening will be provided to screen adjacent properties and roadways. Buildings and parking lots will meet all required setbacks.

- f. Conformance of the development plan with the Comprehensive Plan and Land Development Code. Revised plan certain development plans shall be evaluated for conformance with the non-residential and mixed-use intent of the form districts and comprehensive plan.

STAFF: The request to abandon existing binding elements conforms to applicable guidelines and policies of the Comprehensive Plan and to requirements of the Land Development Code.

REQUIRED ACTIONS:

- **APPROVE** or **DENY** the **Amendment to Binding Elements** to abandon binding elements from 9-48-84
