

Land Development and Transportation Committee Staff Report May 23, 2024

Case No:	24-ZONE-0024
Project Name:	1113 and 1115 Logan St
Location:	1113 and 1115 Logan St
Owner(s):	Jeffrey Wiesner
Applicant:	Raphael Collazo
Jurisdiction:	Louisville Metro
Council District:	6 – Phillip Baker
Case Manager:	Jay Lockett, AICP, Planning Supervisor

REQUEST(S)

- **Change in zoning** from OR-2 to C-1
- **Waiver** of Land Development Code section 10.2.4 to eliminate the required 20' property perimeter buffer along the north and south property lines.
- **Detailed District Development plan** with Binding Elements

CASE SUMMARY/BACKGROUND

The applicant is proposing to renovate an existing mixed commercial/residential structure for a restaurant or other retail uses. The subject site contains approximately .172 acres and is located along Logan St north of Mary St in the Shelby Park area of Louisville Metro. The applicant is proposing to eliminate a curb cut and parking area by converting it to patio space, along with restoring the curb and verge along Logan St.

STAFF FINDING

The proposal is ready for a public hearing.

TECHNICAL REVIEW

Transportation Planning and MSD have approved the preliminary development plan.

This project is located within the study area boundary of the Smoketown/Shelby Park Neighborhood Plan (2002). That plan does not make specific recommendations for this site but includes this site within the "Mixed Use (commercial/residential/industrial)" and "Transition" area of the conceptual master plan.

INTERESTED PARTY COMMENTS

None received.

STANDARD OF REVIEW FOR REZONING

Criteria for granting the proposed form district change/rezoning: KRS Chapter 100.213

1. The proposed form district/rezoning change complies with the applicable guidelines and policies Plan 2040; **OR**
2. The existing form district/zoning classification is inappropriate and the proposed classification is appropriate; **OR**
3. There have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in Plan 2040 which have substantially altered the basic character of the area.

STAFF ANALYSIS FOR CHANGE IN ZONING

Following is staff's analysis of the proposed rezoning against the Guidelines and Policies of Plan 2040.

The site is located in the Traditional Neighborhood Form District

Traditional Neighborhood: This form is characterized by predominantly residential uses, by a grid pattern of streets with sidewalks and often including alleys. Residential lots are predominantly narrow and often deep, but the neighborhood may contain sections of larger estate lots, and also sections of lots on which appropriately integrated higher density residential uses may be located. The higher density uses are encouraged to be located in centers or near parks and open spaces having sufficient carrying capacity. There is usually a significant range of housing opportunities, including multi-family dwellings.

Traditional neighborhoods often have and are encouraged to have a significant proportion of public open space such as parks or greenways, and may contain civic uses as well as appropriately located and integrated neighborhood centers with a mixture of mostly neighborhood-serving land uses such as offices, shops, restaurants and services. Although many existing traditional neighborhoods are 50 to 120 years old, the Traditional Neighborhood Form may be used when establishing new developments and redevelopments.

Revitalization and reinforcement of the Traditional Neighborhood Form will require particular emphasis on (a) preservation and renovation of existing buildings in stable neighborhoods (if the building design is consistent with the predominant building design in those neighborhoods), (b) in the case of new developments or redevelopments using traditional building scales and site layouts, (c) the preservation of the existing or establishing a new grid pattern of streets and alleys, and (d) preservation of or creation of new public open spaces.

The Louisville Metro Planning Commission is charged with making a recommendation to the Louisville Metro Council regarding the appropriateness of this zoning map amendment. Louisville Metro Council has zoning authority over the property in question.

REQUIRED ACTIONS:

- **Set the Public Hearing Date**

NOTIFICATION

Date	Purpose of Notice	Recipients
5-7-24	Hearing before LD&T	1 st and 2 nd tier adjoining property owners and current residents Registered Neighborhood Groups in Council District 6

3. Proposed Binding Elements

1. Zoning Map

2. Aerial Photograph

3. Proposed Binding Elements

1. The development shall be in accordance with the approved district development plan, all applicable sections of the Land Development Code (LDC) and agreed upon binding elements unless amended pursuant to the Land Development Code. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission or the Planning Commission's designee for review and approval; any changes/additions/alterations not so referred shall not be valid.
2. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.
3. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit is requested:
 - a. The development plan must receive full construction approval from Construction Review, Louisville Metro Public Works and the Metropolitan Sewer District.
 - b. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Chapter 10 prior to requesting a building permit. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter.
 - c. Final elevations/renderings shall be submitted for review and approval by Planning Commission staff. A copy of the approved rendering shall be available in the case file on record in the offices of the Louisville Metro Planning Commission.
 - d. A minor plat or other legal instrument acceptable to Planning Commission legal counsel shall be recorded consolidating the properties into a single lot. A copy of the recorded instrument shall be submitted to the Office of Planning prior to requesting a building permit.
4. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.
5. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. These binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements.
