

EXHIBIT A

CERTIFICATION OF SURPLUS PROPERTY

The Director of Develop Louisville has carefully reviewed the Louisville/Jefferson County Metro Government's needs for land or improvements used in the administration of Metro programs and the conduct of municipal business. The office has determined that the parcels of Metro owned real property identified below and which are being scheduled for action by the Louisville Metro Council, was originally acquired to comply with the terms of a grant from the Commonwealth of Kentucky Neighborhood Stabilization Program. The Director has further determined that compliance with the terms of the grant and the conveyance to Habitat For Humanity of Metro Louisville is consistent with the Louisville/Jefferson County Metro Government's redevelopment objectives and programs. Furthermore, the Director determines that except for the public purpose set out in the Grant, the subject property is surplus or otherwise no longer needed to carry out any other governmental function of Metro Government.
