To Whom it May Concern:

I have had the opportunity to review the proposed project for the former train depot and wholeheartedly endorse the project. This will bring much needed development to the area, turning a blight into a draw for the entire community.

I am, however, concerned by the tight timeline required by the Land Bank in regards to regulatory delays and the standard construction process. Please provide them grace as they work towards this development that benefits us all.

Sincerely,

A handwritten signature in cursive script that reads "Daniel Grossberg".
