Thanks for the notice.

I will be on vacation and unable to attend this meeting.

A little history.

Two years ago my neighbors at 1907 Stevens wanted to build a tall fence, I suggested they check out the specifics before they build. They did and scaled back the height of the fence.

Recently my neighbor at 1913 Stevens had the fence posts in the ground and I mentioned to him there was a code regarding height of the fence. He said he knew what he was doing and built the fence anyway.

I don't think we can reward someone who builds, then we say that is ok.

I like the system of checks and balances we have in the City.

As neighborhood President I cannot make an exception to a neighbor.

DPNA must view all residents the same.

Thank you for your enforcement and hard work you do on a daily basis.
