SECTION I - AGENCY DETAILS

Describe Agency's Vision, Mission and Services:

St. Joseph Children's Home, a multi-faceted, child caring nonprofit licensed by the Commonwealth of Kentucky with the mission of "Giving Children a Home," has been helping vulnerable youth since 1849.

St. Joe's is no longer home to orphans, but rather, children who have been removed from their homes because they have experienced severe abuse and neglect. St. Joe's has consistently adapted to the needs of the community and now serves 1,100 children and families annually across all counties in Kentucky through four core programs: residential foster treatment, foster care & adoption, our new outpatient behavioral services (BHSO), and our child development center.

The Residential Treatment Program is licensed to serve 48 children at a time and serves approximately 85 children, ages 5-16 each year. The children come from homes whose family environment is threatened by neglect, abuse, violence, poverty and/or illness. We serve 85-90 children a year.

The Therapeutic Foster Care and Adoption program serves about 85 children, from birth to 21 each year. All are wards of the Commonwealth of Kentucky and are referred to St. Joe's by the Department of Community Based Services.

Behavioral Health Services (BHSO)- our behavioral health services program provides our St. Joe's families and the community with the emotional support they need to flourish. Our services include mental health therapy, targeted case management, and comprehensive community support services. Open to adults, children, and families.

The Child Development Center provides early childhood education to 170 children, ages 6 weeks through 5 years. The CDC participated in STARS FOR KIDS NOW, a voluntary above-licensing quality assurance program operated by the Kentucky Cabinet for Health and Family Services.

Our target population consists of vulnerable children who have experienced abuse, neglect, and been removed from their home. Children from ages five to sixteen live on our residential campus. Foster Care works with children ages 0-18 years and past adulthood with our BHSO program. Our Child Development Center serves children throughout the community, including our staff and foster children.

SECTION 5 - PROGRAM/PROJECT NARRATIVE

A: Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods, etc.):

St Joseph Children's Home seeks funding for community support and safety for our 175th Annual Picnic Fundraising Event on Friday and Saturday of August 09 & 10, 2024.

For 175 years, generations of family and friends have gathered every August for the Picnic at St. Joe's. Our annual picnic is the main fundraiser hosted by St. Joe's and continues to be one of the largest fundraising events in Kentucky. 100% of the proceeds from Picnic go to support St. Joe's kids and programming. This request seeks funds to help support the community safety aspects of holding an event.

This years Picnic needs more funding to support community safety such as security, sanitation (trash, bathrooms, waste water, utilities etc.), parking, insurance, golf cart rentals (to travel through the crowds), stage production, fencing, and other elements to ensure community wellbeing. St. Joe's is expecting crowds of 50,000 or more during this weekend.

Admission will be free again this year, with bands playing both nights, and our full array of prize booths for children and adults. We will also have multiple food vendors.

B: Describe specifically how the funding will be spent including identification of funding to sub grantee(s):

St. Joe's requests funds from NDF to support community safety for the event. The St. Joe's Picnic for the kids draws over 50,000+ people in a weekend. It takes a lot to keep order for our participants. St. Joe's defines community safety as anything that will help crowds be safe, organized, moving, including fencing, sanitation, security measures, medical supplies, electric to light the grounds, and outsourced printing costs, which create signs to show area grounds for movement and safety.

The event budget is \$467,710. St. Joe's requests funds from NDF for \$7,500, which will be used for public safety costs to ensure no one is hurt, an orderly flow occurs at picnic, and costs to clean up trash. Safety items include:

- i. \$7,500 for Safety and Administration of activities in Community Events where funding will be used for security, sanitation (trash, bathrooms, waste water, utilities etc.), parking, insurance, golf cart rentals (to travel through the crowds), stage production, fencing.

LOUISVILLE METRO COUNCIL NEIGHBORHOOD DEVELOPMENT FUND APPLICATION

C: If this request is a fundraiser, please detail how the proceeds will be spent:

This is St. Joe's largest annual fundraiser. Funds will be used to provide elements for community safety for the event, and all proceeds raised will go directly to programming to heal vulnerable children.

St. Joseph Children's Home receives compensation from the Commonwealth of Kentucky for each child cared by our Residential and Foster Care programs. However, this funding typically covers only about 65% of the actual cost of caring for the children. The remaining funds must be made up through donations, grants, and other fundraising efforts. The Picnic is typically our largest single fundraiser each year, with proceeds providing funds for a significant portion of the expenses not covered by state funding. This includes the day-to-day expense of caring for the children, such as food, clothing, shoes, hygiene items, bedding, healthcare, school supplies, books, activities, entertainment, etc., as well as administrative and facility costs associated with providing a healthy, safe, and therapeutic living environment.

In-kind and financial donations which help with necessary expenses associated with operating the Picnic increase the net proceeds from the event, allowing more of the money raised to be used in caring for the children.

D: For Expenditure Reimbursement Only – The grant award period begins with the Metro Council approval date and ends on June 30 of Metro fiscal year in which the grant is approved. If any part of this funding request is for funds to be spent before the grant award period, identify the applicable circumstances:

☒ The funding request is a reimbursement of the following expenditures that will probably be incurred after the application date, but prior to the execution of the grant agreement:

- ✓ If selecting this option, the invoice, receipt and payment documentation should not be available as of the date of this application.

The Grantee will be required to submit financial reporting in accordance with the reporting schedule provided in the grant agreement.

☐ Reimbursements should not be made before application date unless an emergency can be demonstrated by the primary council sponsor. The funding request is a reimbursement of the following expenditures (attach invoices or proof of payment):

- ✓ Attach a copy of invoices and/or receipts to provide proof of purchase of activities associated with the work plan identified in this application.
- ✓ Attach a copy of cancelled checks to provide proof of payment of the invoices or receipts associated with the work plan identified in this application.

LOUISVILLE METRO COUNCIL NEIGHBORHOOD DEVELOPMENT FUND APPLICATION

E: Describe the program's benefits to those being served (measurable outcomes). Include the program's process for collecting data and the indicators that will be tracked to measure the benefits to those being served:

Because it's an event and not a long-term program, the Picnic itself does not provide measurable benefits over time. But funds generated by the Picnic ensure that money is available to meet the needs of the children who call St. Joe's 'home' in a safe, healthy, therapeutic environment which lets them recover from the trauma that brought them here.

Measurable outcomes for the Residential and Foster Care/Adoption programs include: permanency placement, counties/regions served, adoptions, critical incidents, clients served, length of stay, and treatment goals.

For both our Residential and Foster Care/Adoption programs we track and review in department meetings, as they occur or are being planned for, client discharges in regards to meeting or moving towards meeting their permanency goal. We also have an in-house tracking system for incidents which includes covering health, welfare, and safety such as illnesses, injuries, AWOLs, deadly weapon possession, suicide attempts, criminal activity, school suspensions, school changes to a more restrictive school, serious injuries to another, sexual acting out, and in residential emergency physical interventions.

In 2023, our agency served almost 1,100 children with an 85% progress treatment rate.

F: Briefly describe any existing collaborative relationships the organization has with other community organizations. Describe what those partners are bringing to the relationship in general and to this program/project specifically.

St. Joseph Children's Home is one of a handful of residential facilities in Louisville. These agencies work together with the Cabinet and state social workers to find the best placement for each child, per their case plan.

A number of churches, businesses, and families have been long-term partners in coordinating the Picnic. These partners will assist in fundraising this year. Arby's Foundation, Jeff Wyler Honda Auto Mall/Nissan of Louisville/Clarksville Toyota, Kosair Charities, Lexus of Louisville, Mercedes-Benz of Louisville.

Other Sponsors include: Altruus, Atlas Brown, Delta Services, IBEW Local Union 369, Pepsi, LG&E, Great Clips, A Another Room Self Storage, Highland Roofing Company, Inc., Hussung Mechanical Contractors/HMC Service Company, Kentucky Select Properties, L&N Federal Credit Union, and Louisville Metro Council District 9.

Note that St. Joe's is exempt from filing Form 990 because of its association with the US Catholic Conference and the fact that it is considered a "special school".

Dear Mr. Chopko:

- In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

The Official Catholic Directory for 1991 shows the names or addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 1991 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.

Mr. Mark E. Chopko

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid \$100 or more in a calendar year. You and your subordinates are not liable for tax under the Federal Unemployment Tax Act (FUTA).

Next year, within 90 days before the close of your annual accounting period, or by May 31, the date established by our letter of April 28, 1975, which gave an extension of time to file the information, please send one copy of the Official Catholic Directory of 1992 for each Internal Revenue District in which one or more of your subordinates are located, with four additional copies to this office.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983 remain in full force and effect.

Sincerely yours,

H. J. Hightower
District Director

SUBJECT: 1991 Group Ruling

FROM: Mark E. Chopko, General Counsel
(Staff: Deirdre Halloran, Associate General Counsel)

Enclosed is a copy of the group ruling issued on August 9, 1991 by the Treasury Department, Internal Revenue Service ("IRS"), with respect to the federal tax status of organizations listed in the 1991 Edition of the Official Catholic Directory ("OCD"). As explained in greater detail below, this ruling is important for establishing:

- (1) the exemption of such organizations from:
 - (a) federal income tax;
 - (b) federal unemployment tax (but see par. 3 of "Explanation" below); and
- (2) the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 1991 group ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed, in a single group ruling, the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to the institutions listed in the current OCD. The language of these rulings has remained relatively unchanged, except to reflect intervening modifications in the Internal Revenue Code ("Code"). The 1991 group ruling is consistent with the 1990 ruling. It incorporates by reference the conditions set forth in the 1983 ruling that USCC must meet to maintain the group exemption.

- 2 -

The 1991 OCD reflects certain changes that have been made in USCC's administration of the group exemption. Certain Catholic organizations with independent IRS exemption determination letters are listed in the 1991 OCD with an asterisk (*) accompanied by the following legend: "Organization has an independent IRS exemption determination and is not covered by the USCC Group Ruling."

The annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

EXPLANATION

1. Exemption from Federal Income Tax. The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 1991" (with the exception of organizations noted with an asterisk).
2. Federal Excise Taxes. Inclusion in the group ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.
3. State/Local Taxes. Inclusion in the group ruling has no effect on an organization's liability for state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.
4. Deductibility of Contributions. The group ruling assures donors that contributions to the institutions listed in the 1991 OCD and covered by the group ruling are deductible for federal income, gift, and estate tax purposes.
5. Unemployment Tax. The group ruling establishes exemption from federal unemployment tax only. Individual states may impose an unemployment tax on organizations included in the group ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

- 3 -

6. Social Security Tax. All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid \$100 or more in a calendar year.^{1/} Services performed by diocesan priests in the exercise of their ministry are not considered "employment" for FICA (social security) purposes,^{2/} and FICA should not be withheld from their salaries.

7. Form 990. All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. There is no exemption from the Form 990 filing requirement merely because an organization is listed in the OCD. Organizations required to file must do so by the 15th day of the fifth month after the close of their fiscal year. Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches^{3/}; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; church-controlled organizations that finance, fund or manage church assets, or maintain church retirement insurance programs, and organizations controlled by religious orders that finance, fund or manage assets used for exclusively religious purposes;^{4/} and organizations with gross receipts normally not in excess of \$25,000.^{5/} In addition, IRS

1/ The Deficit Reduction Tax Act of 1984 permitted certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.

2/ I.R.C. §3121(b)(8)(A).

3/ For taxable years 1970 through 1975, organizations listed in the OCD were excused from filing Form 990 because the Treasury Department had not clarified the meaning of the term "integrated auxiliaries of a church." In January 1977, the Treasury Department promulgated final regulations defining that term. Under the regulations, organizations that are considered integrated auxiliaries include men's and women's organizations that are a part of the church structure, seminaries, mission societies, or youth groups. The following organizations are not considered integrated auxiliaries: hospitals, colleges and universities, orphanages that have a separate identity from a church, and homes for the aged.

5/ Announcement 82-88, 1982-25 I.R.B. 23.

has excused certain internally-supported church affiliates from the Form 990 filing requirement.^{6/} Organizations that are required to file must make available for public inspection upon request a copy of the Form 990 and all required schedules and attachments (other than the list of contributors) during regular business hours at the organization's principal office and at any regional or district office with 3 or more employees. The Form 990 for a particular year must be made available for three years beginning with the due date of the return.

8. Revenue Procedure 75-50. Rev. Proc. 75-50^{7/} sets forth guidelines and recordkeeping requirements regarding racially nondiscriminatory policies that must be complied with by private schools, including church-related schools, to establish and maintain exempt status under section 501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an annual certification of racial nondiscrimination with the IRS. For private schools not required to file Form 990, the annual certification must be filed on Form 5578, Annual Certification of Racial Nondiscrimination for a Private School Exempt from Federal Income Tax. Form 5578 must be filed by the 15th day of the fifth month following the close of the fiscal year.

The requirements of Rev. Proc. 75-50 remain in effect and must be complied with by all schools listed in the OCD. This may be done individually or by the diocese for all diocesan schools. School officials should insure that the requirements of Rev. Proc. 75-50 are met since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. Lobbying Activities. Organizations included in the group ruling may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are affected by this restriction. There is no distinction between lobbying activity that is related to an organization's exempt purposes and lobbying that is not. There is no definitive answer regarding what percentage constitutes "insubstantial" lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. Political Activities. Section 501(c)(3) of the Code states that organizations exempt under its provisions must not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. Violation

of the prohibition against political activity can jeopardize the organization's tax-exempt status. Additional sanctions for violation of the political activity restrictions were imposed by the Revenue Act of 1987. In addition to revoking exempt status, IRS may impose excise taxes on an exempt organization and its managers for violation of the political activity restriction. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. If you have any questions in this regard, please refer them to your attorney. (See OGC Memo dated July 14, 1988).

11. Private Foundation Status. Another important ruling is the Treasury determination letter issued to USCC on December 11, 1970. It affirms the non-private foundation status of organizations listed in the OCD. Unlike the group ruling, this letter is not reissued because its applicability is not limited to a particular edition of the OCD. Since organizations listed in the OCD are not private foundations, they are exempt from the restrictions imposed on such organizations by the Tax Reform Act of 1969. The December 11, 1970 determination letter also assures private foundations that they may make tax-free grants and terminal distributions to organizations listed in the OCD and included in the group ruling.

12. Distribution of OCD. Copies of the OCD have been made available by USCC to the IRS National Office and the several IRS district offices to facilitate administration of the group ruling.

13. Group Exemption Number. The group exemption number assigned to USCC is 928 or 0928. Either number may be used, and must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization or institution exempt under the group ruling. The group exemption number should not be used on Form SS-4, Request for Employer Identification Number, because IRS may include USCC as part of the organization's name when it enters the organization in its computer.

14. Responsibilities under Group Ruling. The 1991 group ruling incorporates by reference procedures outlined in the 1983 ruling that are the responsibility of the USCC Office of General Counsel. However, diocesan officials who compile OCD information for transmittal to P.J. Kenedy & Sons are responsible for the accuracy of such information.

The USCC Office of General Counsel will be pleased to respond to inquiries about the group ruling, and to make available on request single copies of the ruling or this memorandum.

Sec. 4. The Society may acquire and hold real estate, either for the use and accommodation of said Society, or for the secure investment of its funds, the value of which, exclusive of the buildings thereon, shall not exceed the sum of fifty thousand dollars.

Sec. 5. The said corporation shall have power to receive into its custody and under its control male children under twenty-one years of age, and female children under eighteen years of age, who have been or may be abandoned by their parents and who may in good faith be committed to its custody and control by two good citizens of this Commonwealth with the approval of the County Court of the County, where such child or children may be found, and any child or children so committed shall be and remain in the custody or under the control of said corporation until as to male children, they shall attain the age of twenty-one years and as to female children, they shall attain the age of eighteen years. FEDERAL FORM 990

St. Joseph Catholic Orphan Society does not file the Federal Form 990 because it is listed in the National Catholic Director published by Kennedy Brothers.

The Board of Trustees is responsible for the affairs of the Home, and this is true of fund raising and spending. No funds are obtained from a church group. The services provided by the Society are based on the need of the persons receiving them.

An audit of the financial affairs is performed each year and is available upon request.

re: Public inspection of 990's for non-profit organizations

Dear Dennis:

St Joseph Catholic Orphans Society considers itself to be an auxiliary of the Church, and as such, is exempt from filing Form 990. Consequently, regulations requiring non-profit organizations to make Form 990 available for public inspection do not affect St Joseph Catholic Orphan Society, which does not file Form 990. Churches and their auxiliaries are exempt from Form 990 requirements under the constitutional doctrine of separation of church and state.

Non-profit organizations are also required to make their application for tax-exemption available for public inspection. As an auxiliary of the Church, St. Joseph Catholic Orphan Society does not have to apply for its tax exemption. As in the case of Form 990, the regulation requiring public availability of exemption applications does not affect St Joseph Catholic Orphan Society.

Should anyone request a copy of Form 990 or your tax-exempt application, you may give them a copy of this letter. Don't hesitate to call me if you have any questions.

Yours truly,

Larry Mehler, CPA

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

Independent Auditors' Report

To the Board of Trustees
St. Joseph Catholic Orphan Society
Louisville, Kentucky

Opinion

We have audited the accompanying financial statements of St. Joseph Catholic Orphan Society (a not-for-profit organization), which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Joseph Catholic Orphan Society as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of St. Joseph Catholic Orphan Society and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Joseph Catholic Orphan Society's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of St. Joseph Catholic Orphan Society's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Joseph Catholic Orphan Society's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

ST. JOSEPH CATHOLIC ORPHAN SOCIETY

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Activities and Summary of Significant Accounting Policies

Nature of activities:

St. Joseph Catholic Orphan Society (Organization), a not-for-profit organization, provides services under the following programs:

Child Development Center: This program provides child care to children in the Metro Louisville area. Revenues from this program include parent paid tuition, state supplemental tuition, and meal reimbursements from the Child and Adult Care Food Program.

Qualified Residential Treatment Program (QRTP) and Home Based Services (Foster Care (FC)) Programs: These programs provide care to children referred by the Commonwealth of Kentucky Cabinet for Health and Family Services (Cabinet) and other outside agencies. Children are provided with a family type environment, including food, shelter, clothing, incidentals, affection, training, recreation, education and opportunities for religious, spiritual, and ethical development. Resident services are provided on-site at the Organization's facilities. Home based services are provided by individuals at their homes within the Louisville and Southern Indiana areas.

Behavioral Health Services Organization Program: This program was started in late 2021 and provides outpatient therapy and casework services that enable the Organization to provide these services to children after they leave the QRTP and FC programs and in the future to the general public. The program is still in the early stages with three contracts with Managed Care Organizations.

Summary of significant accounting policies:

The summary of significant accounting policies of the Organization is presented to assist in understanding the Organization's financial statements. The financial statements are representations of the Organization's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Cash, cash equivalents, and designated cash:

For purposes of the statements of cash flows, the Organization considers only unrestricted cash and investments with original maturities of three months or less to be cash, cash equivalents, and designated cash excluding those amounts held as part of the investment portfolio.

Investments:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net investment return is reported in the statements of activities and consists of interest and dividend income, realized and unrealized gains and losses, less external investment expenses.

Receivables:

The valuation of receivables is based upon a detailed analysis of past due accounts and the history of uncollectible accounts. Estimated uncollectible accounts increase the allowance for doubtful accounts and when the receivables are written off, the allowance for doubtful accounts is decreased. The Organization periodically reviews doubtful accounts receivable to determine if write-offs are necessary. There was no allowance for doubtful accounts at December 31, 2022 and 2021. The opening balance of accounts receivable was \$399,667 and \$422,210 for the years ended December 31, 2022 and 2021, respectively.

Property and equipment:

The Organization's policy is to capitalize asset purchases in excess of \$1,000. Property and equipment are recorded at cost if purchased, or at fair value as of the date of donation, if donated, and are being depreciated on the straight-line method over their estimated useful lives.

Net assets:

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

NOTES TO FINANCIAL STATEMENTS

Net Assets with Donor Restrictions – Net assets subject to donor restrictions. Some donor restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. When a donor restriction expires, that is, when a purpose restriction is accomplished or a stipulated time restriction ends, net assets with donor restrictions are reclassified to net assets without donor restrictions, and reported in the statements of activities as net assets released from restrictions.

Donated services and in-kind contributions:

Contributions other than cash are recorded at their fair value as of the date of donation. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and contributions of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributed services must meet the specific expertise requirements and would normally have been purchased before they are recorded. Many individuals donate their time and perform a variety of tasks that assist the Organization for which no value has been assigned because these services do not meet the criteria for recognition in the financial statements.

In-kind contributions recognized in the statements of activities for the years ended December 31, 2022 and 2021 are approximately \$56,000 and \$17,000, respectively. In-kind contributions consisted of the following:

	<u>2022</u>	
	<u>Amount</u>	<u>Valuation Method</u>
Picnic supplies	\$ 9,631	Fair retail value
Media services	<u>46,680</u>	Estimated hourly rates
	<u>\$ 56,311</u>	

	<u>2021</u>	
	<u>Amount</u>	<u>Valuation Method</u>
Picnic supplies	<u>\$ 16,951</u>	Fair retail value

The fair value of the contributed goods and services was estimated based on the current rates for similar goods and services in the market of the metropolitan area where the Organization is located.

NOTES TO FINANCIAL STATEMENTS

Revenue recognition:

Contract revenue is derived from child development center services, resident care services, home-based services, and picnic sales.

Resident care and home-based service revenue are reported for services rendered to its residents and home-based clients under agreements with various Kentucky agencies. Under these agreements, a set per diem rate is established to provide services to residents and home-based clients with no year-end settlements or retroactive adjustments. The performance obligation of providing residential and home-based services is satisfied at a point in time when the services are rendered. Payment for services is due on a monthly basis for services rendered.

For the years ended December 31, 2022 and 2021, substantially all of the Organization's resident care and home based service revenue was derived from services to residents and home based clients who are beneficiaries of those various Kentucky agencies. Substantially all of the accounts receivable are due from those various Kentucky agencies for the years ended December 31, 2022 and 2021.

Behavior Health Service Organization (BHSO) revenue is derived from Medicaid funds for individual services provided to outpatient clients. The performance obligation of providing BHSO services is satisfied over time as the services are rendered over the duration of the week. Payment for services is billed on a weekly basis for services rendered. Revenue is recognized using the input method as time has elapsed.

Child development center revenue is reported for child-care services provided. A deposit is required to hold a spot, while a registration fee and supply fee is paid upon enrollment. The performance obligation of providing child-care services is satisfied over time as services are rendered over the duration of the week. Tuition fees are due on a weekly basis for services rendered. Revenue is recognized using the input method as time has elapsed.

Revenue from the annual picnic is recognized at a point in time when the event occurs. Payment for the ticketed event is due at the time of purchase.

Approximately 91% and 48% of the Organization's revenues are derived under contracts, as defined under ASC 606, for the years ended December 31, 2022 and 2021, respectively. The following table disaggregates the Organization's contract revenue based on the timing of satisfaction of performance obligations for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Performance obligations satisfied over time	22%	22%
Performance obligations satisfied at a point in time	78%	78%

NOTES TO FINANCIAL STATEMENTS

The Organization has determined that the nature, amount, timing and uncertainty of contract revenue and cash flows are affected by the economy, stability of Kentucky agencies, and general public support.

Advertising:

The costs of advertising and public relations are expensed as they are incurred. Total advertising expense for the years ended December 31, 2022 and 2021 were approximately \$70,000 and \$10,000, respectively.

Functional allocation of expenses:

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy expenses, which are allocated on a square footage basis, as well as other operating expenses, which are allocated on the basis of estimates of time and effort.

Income taxes:

The Organization is exempt from federal, state and local income taxes as a not-for-profit organization as described under Internal Revenue Code Section 501(c)(3). The Organization is reported as a subordinate organization under a group exemption of the Roman Catholic Church in the United States, and therefore, is not required to file an informational return.

As of December 31, 2022 and 2021, the Organization did not have any accrued interest or penalties related to income tax liabilities, and no interest or penalties have been charged to operations for the years then ended.

Accounting pronouncements adopted:

The Financial Accounting Standards Board has issued accounting standards No. 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, for years beginning after June 15, 2021. The standard modifies the disclosure requirements for contributed nonfinancial assets. The Organization has adjusted the presentation of these items accordingly. The ASU has been applied retrospectively to all periods presented.

Effective January 1, 2022, the Organization adopted FASB ASC 842, *Leases*. FASB 842 supersedes the lease requirements in FASB 840. The new standard establishes a right-of-use (ROU) model that requires a lessee to record an ROU asset and a lease liability on the statements of financial position for most leases and to provide enhanced disclosures. Leases are classified as either finance or operating, with classification affecting the pattern of expense recognition in the statements of activities.

NOTES TO FINANCIAL STATEMENTS

The Organization adopted FASB ASC 842, with a date of initial application of January 1, 2022, by applying the modified retrospective transition approach and using the additional and optional transition method provided by ASU No. 2018-11, *Leases (Topic 842) Targeted Improvements*. The Organization did not restate prior comparative periods as presented under FASB ASC 840 and instead evaluated whether a cumulative effect adjustment to net assets as of January 1, 2022 was necessary. The most significant effects of adopting FASB ASC 842 was the recognition of \$117,971 of operating lease ROU asset and operating lease liability on the statements of financial position as of January 1, 2022. No cumulative effect adjustment to net assets as of January 1, 2022 was necessary. FASB ASC 842 did not have a significant effect on the results of operations or cash flows for the year ended December 31, 2022. See Note 8.

The Organization elected to adopt the package of practical expedients available under the transition guidance with the new standard. This package includes the following: relief from determination of lease contracts included in existing or expiring leases at the point of adoption, relief from having to reevaluate the classification of leases in effect at the point of adoption, and relief from reevaluation of existing leases that have initial direct costs associated with the execution of the lease contract. The Organization also elected other practical expedients. For lease agreements with lease and non-lease components, the Organization elected to account for lease and non-lease components as a single lease component. For lease agreements with terms of 12 months or less, the Organization elected not to record a ROU asset or liability.

Leases:

The Organization evaluates contracts at inception and when terms of an existing contract are changed to determine if an arrangement is or contains a lease. Operating leases are included in operating lease right-of-use assets and operating lease liabilities on the statements of financial position. Financing leases are included in financing lease right-of-use asset and financing lease liabilities on the statements of financial position. Lease cost for lease payments are recognized on a straight-line basis over the lease term.

ROU assets represent the right to use an underlying asset for the lease term. The ROU asset also includes initial direct costs and prepaid lease payments made, if any, less lease incentives, if any. Lease liabilities represent the obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the commencement date based on the present value of the future lease payments over the lease term.

The Organization's leases do not provide an implicit rate, so the Organization utilizes the risk free rate based on the information available at the commencement date for each lease in determining the present value of lease payments. The risk free rate is reevaluated upon lease modification.

The Organization's lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise the option.

NOTES TO FINANCIAL STATEMENTS

Short-term leases (leases with an initial term of twelve months or less that do not contain a purchase option that is likely to be exercised) are not recorded on the statements of financial position.

Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Subsequent events:

Management has evaluated subsequent events through May 22, 2023, the date the financial statements were available to be issued.

Note 2. Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the December 31, 2022 and 2021 statements of financial position dates comprise the following:

	<u>2022</u>	<u>2021</u>
Financial assets:		
Cash, cash equivalents, and designated cash	\$ 844,229	\$ 1,290,909
Accounts receivable	571,517	399,667
Pledges receivable	822,406	877,921
Investments	<u>11,389,463</u>	<u>17,841,894</u>

The Organization has endowment funds that consist of donor restricted endowments. Income from donor restricted endowments are considered restricted in perpetuity and are not available for general expenditure. Annual payments from these funds are approximately \$40,000 and may be used for general operations.

The Board has designated a portion of its investments to the building renovation project and operating reserves. If the need arises to utilize these Board designated investments, the investments could be drawn upon through Executive and Treasurer authorizations.

NOTES TO FINANCIAL STATEMENTS

The Organization has a goal to maintain financial assets, which consist of cash and investments on hand to meet a year of normal operating expenses. As part of its liquidity management, the Organization invests cash in excess of daily requirements in various short-term investments.

Note 3. Pledges Receivable

Pledges receivable consist of the following:

	<u>2022</u>	<u>2021</u>
Amounts due in:

Net pledges receivable	<u>\$2,895,425</u>	<u>\$3,427,168</u>

Pledges receivable due in more than one year are reflected at the present value of estimated future cash flows using a discount rate. As of December 31, 2022, the discount rate was based on the risk free rate on a 5 year note (3.99% at December 31, 2022). As of December 31, 2021, the discount rate was based using a discount rate of 1.5% plus LIBOR (1.6% at December 31, 2021).

Of the total gross pledges receivable as of December 31, 2022 and 2021, certain donors account for a significant portion of the total account balance as follows:

	<u>2022</u>	<u>2021</u>
Donor #1	\$1,220,000	\$1,420,000
Donor #2	806,211	806,211

Investments were classified as without donor restrictions as of December 31, 2022 and 2021.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Organization has the ability to access.

NOTES TO FINANCIAL STATEMENTS

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Cash and cash equivalents – valued at the net asset value of shares held by the Organization at year end.

Equity and fixed income mutual funds – valued at the closing price reported in the active market in which the security is traded.

Bonds – valued at the closing price reported on the active market on which the individual securities are traded.

Beneficial interest in assets held by others is based on the Organization's interest in the fair value of the trust assets as provided by the trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following table sets forth the level, within the fair value hierarchy, of the Organization's investments at fair value as of December 31, 2022 and 2021:

Of the five third-party trusts, four are held in perpetuity and one is reduced for the net present value of required annual payments totaling \$10,000 to two remaining beneficiaries through the year 2031 using a 2.0% discount rate. The change in net present value was included in the change in value of beneficial interest in assets held by others on the statements of activities. This trust is held in two separate investment accounts. The remaining principal of both accounts is to be paid to the Organization in an amount equal to its beneficial interest of 12% in the year 2032.

Note 6. Construction in Progress

During 2017, the Organization entered into two contracts with an architecture firm and a construction firm to undertake significant renovations of the Organization's building. During 2018, the Organization hired a Campaign Consultant to do a feasibility study and to consult throughout the project. Construction began in the fall of 2020 and extended over a two year period. In 2021, the West Wing was placed into service at a cost of approximately \$10,776,000 and in 2022, the East and Central Wings of the project were placed into service at a cost of approximately \$7,970,000. In 2022, the Organization entered into a separate contract to renovate the gymnasium with an estimated cost of \$1,200,000. The project is estimated to be complete in 2023. Construction in progress as of December 31, 2022 is \$507,558.

NOTES TO FINANCIAL STATEMENTS

Note 7. Land Held for Sale

In 2005, the Organization recorded the bequest of an approximately 220-acre tract of real estate, which was valued at \$11,751,968 and classified as land held for sale. During 2014, the Organization listed the property for sale in two tracts. In subsequent years the second tract was subdivided into 4 sub-tracts. During 2017, tract one was sold. During 2018, sub-tract 2 from the second tract of land was sold. During 2019, sub-tract 4 from the second tract of land was split into three parts, creating sub-tracts 4, 5 and 6. The sale of sub-tracts 3, 4 and 5 occurred in December 2019. In January 2021, sub-tract 6 was split into two parts, creating sub-tracts 6 and 7. Sub-tract 7 was sold in January 2021 at a gain of approximately \$132,000. In December 2021, sub-tract 6 was sold at a gain of approximately \$647,000. The gain on the sales is included in the statements of activities. As of December 31, 2022 and 2021, there is no remaining land held for sale.

Note 8. Leases (after the adoption of FASB ASC 842)

The Organization leases various pieces of equipment with a 1-4 initial year terms. Certain leases include renewals options which can extend the lease term. The exercise of these renewal options is at the sole discretion of the Organization, and only lease options that the Organization believes are reasonably certain to exercise are included in the measurement of the lease assets and liabilities. While all of the agreements provide for minimum lease payments, some include payments adjusted for the consumer price index. Variable lease payments are not determinable at the lease commencement and are not included in the measurement of the lease assets and liabilities. The lease agreement does not include any material residual value guarantee or restrictive covenants.

The following summarizes lease costs for the year ended December 13, 2022:

Lease costs:

Operating lease cost	\$27,973

Note 10. Endowment Funds

The Organization's endowment funds consist of certain beneficial interests in assets held by various third-party trusts. The beneficial interests in assets held in those third-party trusts are donor restricted. The Organization's Board of Trustees does not have input or authority over the nature and type of investments held by the third-party trusts. The trustees of the third-party trusts have sole discretion on the investments and the amount and timing of distributions. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Changes in endowment net assets for the years ended December 31, 2022 and 2021 are as follows:

NOTES TO FINANCIAL STATEMENTS

Interpretation of relevant law:

The Organization has interpreted the Kentucky Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as donor restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organization, and (7) the Organization's investment policies.

Return objectives and risk parameters:

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity.

Strategies employed for achieving objectives:

To satisfy long-term rate-of-return objectives, the Organization relies on a fixed income strategy in which investment returns are achieved through interest and dividends.

Spending policy and how the investment objectives relate to spending policy:

The Organization has a policy of appropriating for distribution an amount each year as deemed necessary to support operations. In establishing this policy, the Organization considered the long-term expected return on its endowment. Accordingly, over the long term, the Organization expects the current spending policy to allow its endowment to maintain the fair value of the original gifts. This is consistent with the Organization's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

NOTES TO FINANCIAL STATEMENTS

Note 11. Retirement Plan

The Organization has a tax deferred annuity retirement savings plan (Plan) for its employees. Employees may voluntarily contribute from 1% to 12% of their compensation each plan year through salary deferral. In 2022 and 2021, the Organization matched 50% to 100% of employees' contributions to the Plan up to 4% of employees' compensation, depending on years of service. The Organization's contributions to the Plan totaled approximately \$84,000 for each of the years ended December 31, 2022 and 2021.

Note 12. Concentration of Credit Risk

The Organization maintains its cash accounts in a bank in Louisville, Kentucky. Accounts at the bank are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Uninsured cash was approximately \$621,000 as of December 31, 2022.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. It is reasonably possible that changes in the values of investments could occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

Note 13. Note Payable - PPP

On April 9, 2020, the Organization qualified for and received a loan pursuant to the Paycheck Protection Program, a program implemented by the U.S. Small Business Administration (SBA) under the Coronavirus Aid, Relief, and Economic Security Act, from a qualified lender, for an aggregate principal amount of \$1,151,800 (PPP Loan). The PPP Loan bore interest at a fixed rate of 1.0% per annum, with deferred interest, had a term of two years, and was unsecured and guaranteed by the SBA. The principal amount of the PPP Loan was subject to forgiveness under the Paycheck Protection Program upon the Organization's request to the extent that the PPP Loan proceeds were used to pay certain expenses permitted and incurred by the Organization. The Organization was granted forgiveness for the full amount of the PPP Loan and accrued interest in March 2021.

Note 14. Childcare Sustainment Funding

During 2022 and 2021, the Commonwealth of Kentucky, Cabinet for Health and Family Services, Department for Community Based Services, and in connection with the COVID-19 relief, provided the Organization, as an existing state approved licensed childcare provider, with funding of approximately \$240,000 and \$375,500, respectively. Under the agreements, all of the funding was used for employee wages, mortgage and rent payments, utilities, insurance, food, materials and supplies, and related expenses related specifically for its childcare and residential operations.
