

**SOLE SOURCE CONTRACT BETWEEN THE
LOUISVILLE/JEFFERSON COUNTY METRO
GOVERNMENT ("Metro") AND
FOSTER & FREEMAN USA INC
("Contractor") for
Crime-Lite Auto Forensic Imaging System**

WHEREAS, the Metro Government is in need of certain goods with respect to Crime-Lite Auto Forensic Imaging System Kit; and

WHEREAS, the Contractor has been determined by the Metro Government to have the necessary experience, expertise and qualifications to provide these goods,

NOW, THEREFORE, it is agreed by and between the parties hereto as follows:

This Contract is between FOSTER & FREEMAN USA INC having offices at 20145 ASHBROOK PLACE #190, ASHBURN, VA 20147 and the Louisville/Jefferson County Metro Government, acting by and through its Louisville Metro Police Department ("Metro"), a Kentucky consolidated local government, and is effective as of the date executed by Metro ("9/26/2023").

Capitalized terms used but not defined herein have the meanings given them in request for non-competitive contract requisition [00022305].

1 This Contract is composed of the following documents:

- 1.1 This Contract
- 1.2 Standard Terms, incorporated herein under Section 6 as 'Standard Terms'
- 1.3 Sole Source Justification and Vendor Quote incorporated herein under Section 2.

2 Sole Source Justification and Vendor Quote

The Crime-Lite Auto Kit provided by the Contractor shall include but not be limited to the following:

Sole Source Justification: The Crime-Lite Auto is the most complete and compact forensics digital camera solution in existence. It combines the latest forensic imaging technology with high-intensity multi-spectral illumination, the new Crime-Lite Auto is a complete solution to search, detection, and capture evidence. It is a compact handheld device, with the weight and feel of a pro-grade digital single lens reflex camera. This is the ONLY camera that allows Louisville Metro Police Department to use it for multiple functions. LMPD can use it both in the lab AND on crime scenes to search, detect, and capture evidence on site and with one device. It will allow LMPD to carry this one portable device to scenes instead of UV lights, IR lights, goggles, and our regular cameras. It is able to show this evidence without using powders or chemicals to enhance them, therefore it does not compromise the integrity of the evidence or the scene. There is no other camera on the market that will allow LMPD to do all of this with only one camera. LMPD would need multiple cameras and multiple different light sources in order to do ALL of the things this one camera is capable of doing. It is the only camera that can detect saliva, blood, and even gun shot residue on dark fabrics. It can even be used to detect bruising on victims' skin that is not visible to the naked eye. It is the only camera currently on the market that allows LMPD to do all of these things with just one camera. The Crime-Lite Auto uses a regular SD card that can then be used to upload photographs and video straight to the Axon camera and then can be placed under the individual case.

Fluorescence Examination

Powerful multispectral illumination reveals naturally fluorescent body fluids including semen, saliva, urine, vaginal fluids etc.

REVEAL BLOOD STAINS

Live Infrared Examination

Realtime infrared examination can quickly locate the presence of blood against dark backgrounds.

VISUALISE FINGERMARKS

Contrast Examination

Powerful illumination and camera technology enables the examiner to visualise fingerprints on a variety of substrates.

Reveal and Enhance the Visibility of Evidence

Performing real-time visible, fluorescent, and infrared examinations, the Crime-lite AUTO can quickly reveal the presence of evidence including body fluids (semen, saliva, sweat etc.), fingerprints, fragments of bone and tooth, hair, and suspect fibres, etc.

Optimised for mobile use, to be operated by examiners in full CSI-PPE kit, the compact device further improves the evidence workflow and increases the efficiency of examinations, by allowing video and images to be stored internally or exported to an external device for immediate digital transfer to the forensic laboratory.

 - B. **Occupational Health and Safety.** The Contractor agrees to comply with all statutes, rules, and regulations governing safe and healthful working conditions, including the Occupational Health and Safety Act of 1970, 29 U.S.C. 650 *et seq.*, as amended, and KRS Chapter 338. The Contractor will provide training documentation for all standards applicable to the job. Necessary trainings would include, but are not limited to, remediation, abatement, powered industrial truck equipment brought on site by Contractor, SDS for all chemicals brought to site by Contractor, confined space, fall protection, or any other trainings required by an afore mentioned standard under the scope of work being proposed. The Contractor agrees to provide, for all their employees working on properties where Metro employees reside, documentation of current (annual) asbestos awareness training, per OSHA's 1926.1101(k)(9)(vi) regulation. The Contractor also agrees to notify the Metro Government in writing immediately upon detection of any unsafe and/or unhealthful working conditions on Metro Government property. Contractor agrees to indemnify, defend and hold the Metro Government harmless from all penalties, fines or other expenses arising out of the alleged violation of said laws.
 - C. **Records Retention.** Contractor shall maintain during the course of the work, and retain not less than five years from the date of final payment on the contract, complete and accurate records of all of Contractor's costs which are chargeable to the Metro Government under this Agreement; and the Metro Government shall have the right, at any reasonable time, to inspect and audit those records by authorized representatives of its own or of any public accounting firm selected by it. The records to be thus maintained and retained by Contractor shall include (without limitation): (a) payroll records accounting for total time distribution of Contractor's employees working full or part time on the work (to permit tracing to payrolls and related tax returns), as well as canceled payroll checks, or signed receipts for payroll payments in cash; (b) invoices for purchases receiving and issuing documents, and all the other unit inventory records for Contractor's stores stock or capital items; and (c) paid invoices and canceled checks for materials purchased and for subcontractors' and any other third parties' charges.

- D. Open Records.** All materials submitted in response to the solicitation document will become the property of the Metro Government. One copy of a submitted Proposal will be retained for official files and will become public record. In general, under the Kentucky Open Records Act (Kentucky Revised Statutes, sections 61.870 – 61.884), public records of the Metro Government are subject to disclosure to a requesting party. Any material that a vendor considers as confidential but does not meet the disclosure exemption requirements of the Open Records Act (“ORA”), should not be included in the vendor’s Proposal, as it may be made available to the public. If a vendor’s Proposal contains materials noted or marked as confidential and/or proprietary that, in Metro’s sole opinion, meet the disclosure exemption requirements of the ORA, then that information will not be disclosed in response to a written request for public documents. If Metro does not consider such material to be exempt from disclosure under the ORA, the material may be made available to the public, regardless of the notation or marking. If a vendor is unsure if its confidential and/or proprietary material meets the disclosure exemption requirements of the ORA, then it should not include such information in its Proposal because such information may be disclosed to the public.
- E. Entire Agreement.** This Agreement constitutes the entire agreement and understanding of the parties with respect to the subject matter set forth herein and this Agreement supersedes any and all prior and contemporaneous oral or written agreements or understandings between the parties relative thereto. No representation, promise, inducement, or statement of intention has been made by the parties that is not embodied in this Agreement. - a. Notwithstanding the above provisions, the Metro Government may terminate this contract at will in accordance with the law upon providing thirty (30) days written notice of that intent. Payment for services or goods received prior to termination shall be made by the Metro Government provided those goods or services were provided in a manner acceptable to the Metro Government. Payment for those goods and services shall not be unreasonably withheld.
- G. **Force Majeure.** Neither Contractor nor the Metro Government shall be liable in damages or have the right to terminate a contract executed hereunder for any delay or default in performing that contract if such delay or default is caused by conditions beyond either party's control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, pandemics, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected.
