**SOLE SOURCE CONTRACT BETWEEN THE  
LOUISVILLE/JEFFERSON COUNTY METRO  
GOVERNMENT ("Metro") AND  
POM Incorporated  
("Contractor") for  
Parking Meter Equipment and Parts**

**WHEREAS**, the Metro Government is in need of certain goods and services with respect to Parking Meter Equipment and Replacement Parts; and

**WHEREAS**, the Contractor has been determined by the Metro Government to have the necessary experience, expertise and qualifications to provide those items,

**NOW, THEREFORE**, it is agreed by and between the parties hereto as follows:

This Contract is between POM Incorporated having offices at 222 South Elmira Avenue Russellville, AR 72802 and the Louisville/Jefferson County Metro Government, acting by and through its Parking Authority of River City (PARC) ("Metro"), a Kentucky consolidated local government, and is effective as of the date executed by Metro ("7/1/2023").

Capitalized terms used but not defined herein have the meanings given them in Sole Source Agreement [00001674] ("SS").

**1 This Contract is composed of the following documents:**

- 1.1 This Contract
- 1.2 Standard Terms, incorporated herein under Section 6 as 'Standard Terms'
- 1.3 Vendor Parts and Price List

**2 Justification** The goods and services of Contractor shall include but not be limited to the following:

POM is the manufacturer of all the parking meter housings and vaults that PARC currently has in the city of Louisville. Roughly 40% of the On-Street metered spaces still utilize the POM single and double space meters. PARC also utilizes POM for all locks, keys, and coin canisters for security purposes. POM also provides support for its backend proprietary software used to manage the parking meters. The supplier provides specialized products which are limited in availability since it utilizes proprietary technology and is the only supplier within the geographical area which can meet the needs of PARC. PARC does its own service on these meters with the provided hardware.

**3 Order of Precedence.** Any inconsistency or conflict in the Contract documents shall be resolved by giving precedence in the following order:

1.1 This Contract

1.2 Standard Terms

1.3 Vendor Parts and Price List

4 **Term of Contract.** The Contract shall begin 7/1/2023 and shall remain in effect for twelve (12) months.

5 **Compensation.** Contractor shall be reimbursed for goods and services rendered according to the terms of this Agreement up to **DOLLARS (\$75,000.00)** [Upon delivery/completion]. Total compensation payable to Contractor for services rendered pursuant to this Agreement, including out-of-pocket expenses, shall not exceed **DOLLARS (\$75,000.00)**.

6 **Standard Terms**

A. **Payment Terms: Net 30.**

B. **Occupational Health and Safety.** The Contractor agrees to comply with all statutes, rules, and regulations governing safe and healthful working conditions, including the Occupational Health and Safety Act of 1970, 29 U.S.C. 650 *et seq.*, as amended, and KRS Chapter 338. The Contractor will provide training documentation for all standards applicable to the job. Necessary trainings would include, but are not limited to, remediation, abatement, powered industrial truck equipment brought on site by Contractor, SDS for all chemicals brought to site by Contractor, confined space, fall protection, or any other trainings required by an afore mentioned standard under the scope of work being proposed. The Contractor agrees to provide, for all their employees working on properties where Metro employees reside, documentation of current (annual) asbestos awareness training, per OSHA's 1926.1101(k)(9)(vi) regulation. The Contractor also agrees to notify the Metro Government in writing immediately upon detection of any unsafe and/or unhealthful working conditions on Metro Government property. Contractor agrees to indemnify, defend and hold the Metro Government harmless from all penalties, fines or other expenses arising out of the alleged violation of said laws.

C. **Records Retention.** Contractor shall maintain during the course of the work, and retain not less than five years from the date of final payment on the contract, complete and accurate records of all of Contractor's costs which are chargeable to the Metro Government under this Agreement; and the Metro Government shall have the right, at any reasonable time, to inspect and audit those records by authorized representatives of its own or of any public accounting firm selected by it. The records to be thus maintained and retained by Contractor shall include (without limitation): (a) payroll records accounting for total time distribution of Contractor's employees working full or part time on the work (to permit tracing to payrolls and related tax returns), as well as canceled payroll checks, or signed receipts for payroll payments in cash; (b) invoices for purchases receiving and issuing documents, and all the other unit inventory records for Contractor's stores stock or capital items; and (c) paid invoices and canceled checks for materials purchased and for subcontractors' and any other third parties' charges.

D. **Open Records.** All materials submitted in response to the solicitation document will become the property of the Metro Government. One copy of a submitted Proposal will be retained for official files and will become public record. In general, under the Kentucky Open Records Act (Kentucky Revised Statutes, sections 61.870 – 61.884), public records of the Metro Government are subject to disclosure to a requesting party. Any material that a vendor considers as confidential but does not meet the disclosure exemption requirements of the Open Records Act ("ORA"), should not be included in the vendor's Proposal, as it may be made available to the public. If a vendor's Proposal contains materials noted or

marked as confidential and/or proprietary that, in Metro's sole opinion, meet the disclosure exemption requirements of the ORA, then that information will not be disclosed in response to a written request for public documents. If Metro does not consider such material to be exempt from disclosure under the ORA, the material may be made available to the public, regardless of the notation or marking. If a vendor is unsure if its confidential and/or proprietary material meets the disclosure exemption requirements of the ORA, then it should not include such information in its Proposal because such information may be disclosed to the public.

**E. Entire Agreement.** This Agreement constitutes the entire agreement and understanding of the parties with respect to the subject matter set forth herein and this Agreement supersedes any and all prior and contemporaneous oral or written agreements or understandings between the parties relative thereto. No representation, promise, inducement, or statement of intention has been made by the parties that is not embodied in this Agreement. This Agreement cannot be amended, modified, or supplemented in any respect except by a subsequent written agreement duly executed by all of the parties hereto.

**F. Contract Termination:**

- b. If a contractor is determined to be in default, Metro Government shall notify the contractor in writing and may either 1) terminate the contract immediately or 2) set a date by which the contractor shall cure the identified deficiencies. Metro Government may proceed with termination if the contractor fails to cure the deficiencies within the specified time.
- c. A default in performance by a contractor for which a contract may be terminated shall include, but not be limited to:

  - iv. The filing of a bankruptcy petition by or against the contractor; or
  - v. Actions that endanger the health, safety or welfare of Metro Government or its citizens.
- d. This Agreement may also be terminated by any party, without notice to the non-terminating party, because of fraud, misappropriation, embezzlement or malfeasance.

**2.** In the event that, during the terms of this Contract, funds are not appropriated for the payment of the Metro Government's obligations hereunder, the Metro Government's rights and obligations herein shall terminate on the last day for which an appropriation has been made.

**3. Termination for Convenience**

- a. Notwithstanding the above provisions, the Metro Government may terminate this contract at will in accordance with the law upon providing thirty (30) days written notice of that intent. Payment for services or goods received prior to termination shall be made by the Metro Government

---

provided those goods or services were provided in a manner acceptable to the Metro Government. Payment for those goods and services shall not be unreasonably withheld.

- G. **Force Majeure.** Neither Contractor nor the Metro Government shall be liable in damages or have the right to terminate a contract executed hereunder for any delay or default in performing that contract if such delay or default is caused by conditions beyond either party's control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, pandemics, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected.
- H. **Assignment of Contract.** The Contractor shall not assign or subcontract any portion of the Contract without the express written consent of Metro Government. Any purported assignment or subcontract without the written consent of the Metro Government shall be void. Contractor agrees that the Metro Government shall consent to any request for assignment or subcontract in its sole discretion. If ownership of Contractor changes, Contractor or its successor firm shall notify Metro Purchasing in writing within 30 days of the Contractor's receiving notice that its ownership is changing, including but not limited to purchase or other transfer.
- I. **No Waiver.** No failure or delay by Metro Government in exercising any right, remedy, power or privilege hereunder, nor any single or partial exercise thereof, nor the exercise of any other right, remedy, power or privilege shall operate as a waiver hereof or thereof. No failure or delay by Metro Government in exercising any right, remedy, power or privilege under or in respect of this Contract shall affect the rights, remedies, powers or privileges of Metro Government hereunder or shall operate as a waiver thereof.
- J. **Authority to do Business.** The Contractor must be a duly organized and authorized to do business under the laws of Kentucky. Contractor must be in good standing with all government agencies and have full legal capacity to provide the services specified under this Contract. The Contractor must have all necessary right and lawful authority to enter into this Contract for the full term hereof and that proper corporate or other action has been duly taken authorizing the Contractor to enter into this Contract. The Contractor will provide Metro Government with a copy of a corporate resolution authorizing this action and a letter from an attorney confirming that the Contractor is authorized to do business in the State of Kentucky, if requested.
- K. **Governing Law.** The Contract shall be governed by and construed in accordance with the laws of the State of Kentucky. In the event of any proceedings regarding the Contract, the Parties agree that venue shall be the state courts of Kentucky or the U.S. District Court for the Western District of Kentucky, Louisville Division. - 
- X. **Employer/Employee Relationship.** It is expressly understood that no employer/employee relationship is created by this Agreement nor does it cause Consultant to be an officer or official of the Metro Government. By executing this Agreement, the parties hereto certify that its performance will not constitute or establish a violation of any statutory or common law principle pertaining to conflict of interest, nor will it cause unlawful benefit or gain to be derived by either party.
