Non-Competitive Contract Request Form

CONTRACT SCOPE and PURPOSE (Attach additional documentation if necessary)

New: Be specific about the work to be performed / product to be purchased including but not limited to scope of work; description of service; work product created; why the service / product is necessary; and benefit to Louisville Metro Government.

Amendments: Describe the circumstances under which a time extension or scope change is needed.

The Louisville Zoo needs a vendor to provide certified parts, service, repairs, and maintenance for the antique Conservation Carousel. This shall include electrical and mechanical work for all components of the Carousel, wood finish of any portion of the Carousel, painting of the wooden structure and animals on the Carousel, and electronics servicing of the Carousel controls.

Vendor shall provide refurbishing service for existing animals on the Carousel, as well as any new animal replacements when requested by the Zoo.

JUSTIFICATION FOR NON-COMPETITIVE GOOD/SERVICE (Attach additional documentation if necessary)

Provide justification including but not limited to a description of the unique features that prohibit competition; research conducted to verify the vendor as the only known source (sole source); why the service (PSC) is not feasible to be provided by LMG staff or expertise does not exist; known compatibility, proprietary and/or timing issues.

Todd Goings with Carousels and Carvings refurbished the Carousel and installed it at the Louisville Zoo. He is also the sole source for parts as his company purchased the remaining parts, and molds for parts, from the Philadelphia Toboggan Company when they stopped making and servicing their Carousels. The Zoo is required by Kentucky State Law to use manufacturer provided custom parts for all of our Rides, and since Philadelphia Toboggan Company's Carousel division is no longer in business, Carousels and Carvings has all the parts and proprietary information to manufacture the parts needed for our Carousel.

The Louisville Zoo has bid this service in the past because there was another vendor in the United States that could potentially have done work on the Carousel, even if that company would have had to purchase manufacturer parts from Carousels and Carvings. That company was Carousel Works, but they have closed their business. The Zoo is unaware of any other company that has the capability to perform all the necessary work on the Conservation Carousel.

AUTHORIZATIONS: Per KRS 45A.380, I have determined that competition is not feasible for the above described good / service and there is a single source within a reasonable geographical area of the good / service to be procured; or the resulting contract is for the services of a licensed professional, technician, artist, or other non-licensed professional service.
