Good afternoon, Jeff,

We are finishing the paperwork for the NDF application for the LG&E lighting lease. I wanted to confirm that Public Works will accept \$5,660 of District 13's Neighborhood Development Funds for the project.

Please let me know at your convenience.

Thank you,

Lisa

We have to specify exactly where we want the light for LGE, they will not provide us any recommendations, but I'll help with the layout. To start, I will look for existing utility poles in the area since it is a lot cheaper if we do not have to add a pole for the light.

It looks like there is already a streetlight on South Park at the Smith Rd intersection so I left it off the plan for now.

It also looks like there is an existing light at Granger but it must be leased by the property owner so I did include that intersection on the plan.

I've attached a quick plan showing some potential locations that take advantage of existing utility poles. LGE does require a minimum 5-year lease so the appropriation would need to be at least enough for the first 5 years. The cost for the plan I prepared would be \$5,660 for the 5-year lease.

Subject: LG&E Lighting Lease

Hi Jeff,

Councilman Seum is interested in leasing streetlights from LG&E for two roads in our district. We've had requests from residents on South Park Rd. & Blue Lick Rd. for lighting and below are the areas we would like to have streetlights. Does LG&E determine where the streetlights need to be placed? I am not sure the best placement for them or how many we need on the streets.

Please let me know at your convenience.
